SELECTMEN'S REPORT, 1963

Looking back over the past year we feel that we have accomplished a few things that the people should know about. What ever has been done has been done only with the full cooperation of all the town officers and you people of the Town of Loudon.

We can not recall when our town has been able to conduct its business for the year without borrowing money to work with. That has been accomplished this year. You people have paid your taxes with such promptness that our treasurer has had a balance on our check book large enough to cover any check we make out. This has been a great saving to our town.

It also may be noted we have been able to pay the school their total amount of money for the school year before closing our books on December 31st. This is the second time we have been able to do this. In the past we have usually had to wait until we could borrow money to make the final payment in May or June.

Your Selectmen decided at the start of the year that we would have to do something about our assessed valuation. Our valuation as stated by the Tax Commission was only 53% of the true value of the property. We were told that we should raise our valuation to 100%. This we did not agree upon. We have felt that our land values have been much higher then our building values. It was decided to raise our building values and not our land values. After much deliberation your Selectmen decided on raising the building values in town by a minimum 20%.

As a result some properties in town paid more taxes then last year, although we had a lower tax rate. We must realize that we were called upon to raise more money than we did one year ago.

Our Highway Department has been able to gravel more miles of road this year than for a long time. The new front end loader has proved to be more efficient than the old one. This winter they have used it to plow snow, thus giving us three plows to use in bad storms.

Our T.R.A. project on the Lower Ridge Road is progressing very well. We now have it tarred from the Ridge Church to the Cement Bridge by Russell Hunt's. From there to the Twin Bridges the Road is shaped and graveled. It will be completed this next summer.

We have put a road mix on Mudgett Hill and the Flagg Road to the top of the hill by Norman Bowles'. These are 2 bad hills to keep gravel on. Now we hope they will be in good condition for many years. It is the intention of the Selectmen to tar all hills where it is possible and as soon as it is possible. These roads were improved with our Duncan money. We have about $1,100.00 left and will use it on the Clough Pond Road in the spring.

REPORT OF ROAD AGENT

Since July 1st, when we took over, there have been a number of jobs completed, plus new ones started.

Paul Merrill excavated and graveled Mudget Hill last year, and this year we mixed and sealed it. Also we excavated and mixed a portion of Flagg Road, from Clough Pond Road to Norman Bowles residence. Money for that was from the Duncan Fund, received from the State.

We also mixed about 80 yards of coal patch, and graded that into sections of the Center Road and the Ridge Road.

This year we built a screen to sift the sand for tarring, so as to get full benefit of the Asphalt that was applied for the tarring operation. Approximately 41,000 gallons of Asphalt were used for all projects.

Paul Merrill put steal stringers in the New Dover Bridge, thus making it safer for future travel, and we also have enough left to fix the Christina Clough Bridge this coming spring.

The roadsides of all major roads were mowed this year and we plan to inaugurate a program of spraying this summer, to stop their growth, consequently cutting costs of mowing.

We spent six weeks this past summer on the T.R.A. project, mixing from Jay Green's Bridge to the Cement Bridge, excavating and graveling from the Cement Bridge to the Twin Bridges.

Also we graveled and penetrated the parking lot behind the Library.

Approximately 5,600 yards of sand and gravel were used for all these projects.

The Bookmobile has made five visits to the Library this year and a total of two thousand and twenty-eight books were borrowed.

Mr. and Mrs. Arnold Peaslee of Pembroke, N. H., presented an engraved fire starter set for the fireplace. This

was given in memory of their daughter, Lynda, who lost her life with three companions in a plane crash on route to California in September nineteen hundred and sixty one.

Lynda attended the Loudon schools for several years.

Book Week was observed again this year and was very successful.

One hundred and sixty two posters and fifty essays were prepared by the school pupils.

Winners were selected by the following judges:

Mr. and Mrs. George Richardson of Stoddard

Mrs. Elwin Hodgins and Miss Sarah Hodgins of Pittsfield

Mrs. Dorothy Abbott and Miss Rita Goyette of Laconia

Mr. and Mrs. Robert Hall of Concord and Miss Dianne Ianuzzo of Loudon.

Books were awarded to the winner in each grade.

Thank you all who devoted so much time and effort to make this Project a success.

The Planning Board held regular monthly meetings throughout the year. Most of these meetings were open and the board expresses its appreciation for those members of the public who attended and gave the board the benefit of their views.

The Board is pleased to note the progress during the year of two main undertakings; the naming and posting of the roads and streets in town; and the final completion and distribution of the Town Directory. To all who assisted in these projects, the Board expresses its sincere appreciation.

The present Building code as enacted at the 1963 Town Meeting is proving helpful, but the board feels that it requires further refinement and revision to bring greater benefit to the town.

A series of open meetings will be held this spring so that anyone interested may present their ideas and recommendations to the Board.

The members of the Board wish to express their thanks to the selectmen for their cooperation as evidenced by their attendance at all of the meetings.

FIRE DEPARTMENT REPORT

The year 1963 was a busy one for the Loudon Volunteer Fire Department, responding to 5 chimney fires, 6 building fires, 6 trips to Town dump, 8 brush and grass fires, 3 motor vehicle, 1 missing person, 1 debris burning, and 11 mutual aid runs.

We asked for and received help from Concord, Canterbury, Chichester, Pittsfield, and Ctr. Barnstead.

A large and more audible siren was installed in the Ridge section.

A start towards sufficient protective clothing for the Ridge firemen has been made, with the purchase of four complete outfits. We hope to add as many more next year.

The men from the Ridge station responded to several calls and handled the fires fast and efficiently.

A deficiency in badly needed equipment was partly corrected with the purchase of three 1½" PDQ. for nozzles. One more 1½" fog nozzle will solve the nozzle problem for the foreseeable future. These are wonderful nozzles at a "working" fire when water is in short supply.

Short pike poles have been added to the trucks for inside work.

The pump on Tank 3 has been overhauled by the crew of that truck, after 17 years of service.

An electric re-wind was installed on Tank 3 booster reel by volunteers at no cost.

Two additional "Red Phones" are now in service for emergency calls from the Chichester exchange. Townspeople who are on that exchange are now able to make faster toll free emergency calls to the department. These additional phones make for better over-all coverage and no difficulty should be encountered in calling the department in time of need.

The meeting room mentioned in last years report is nearly completed and is a very definite asset to the station. The Volunteer Firemen have contributed many hours of labor in addition to a substantial sum from their funds.

The Ladies Auxiliary have been most helpful towards the completion of this room by contributing most generously from their treasury.

The Ladies Auxiliary is still a very necessary part of the Department. Their readiness with lunches, day or night — fair weather or foul — and when the occasion permits wholesome hot meals, their financial support and physical help is much appreciated by the entire Department.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personel rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Loudon:

Loudon school enrollments continue to increase and we are fortunate to be able to absorb this increase in numbers without overcrowding. However, this cannot continue indefinitely.

The school board is very much aware of this problem and is asking that the district continue to build up a capital reserve fund to be used for building expansion when the problem becomes more critical.

Several towns in the immediate area are studying the regional school as a possible solution to some of our educational problems. Members of your school board and other interested citizens of Loudon are taking an active part in this study.

The results of this study should be evaluated very carefully by every district involved to see if the cooperative attack on the problem may not be desirable and beneficial to all concerned.

It is a pleasure to report that your elementary school is maintained and operated efficiently. Teachers and pupils are indeed fortunate to have the use of a modern, well equipped school plant.

RAYMOND E. MORTON,
Superintendent of Schools
